## HINTS ABOUT MALARIA.

A few valuable hints about malaria have been embodied in a small pamphlet by Cromlix Rubber Estate for distribution among young planting assistants going to the East for the first time. The medical officer of the company's Bukit Jalil estate is the author of the pamphlet, and as the Planters' Association of Malaya have asked the local Government to publish it, the work is evidently thought highly of in the F. M. S. The pamphlet deserves wide publicity, says Mr. Killick in the "Financier."
