Our collections information

We have over a million object records online, and we are adding to this all the time. Our records are never finished. Sometimes we discover new information that changes what we know about an object, such as who

made it or used it. Sometimes we change how an object is interpreted. We sometimes make mistakes in our spelling, transcription or categorisation, or miss information out of our records.

Read more about our collections and the information we hold.

If you have concerns about the language in this record, or you have information to improve it, please share your feedback.

Discover why German sailors sunk their own ships in 1919.

SECOND WORLD WAR

The Second World War was the most destructive conflict in human history. Years of international tension and aggressive expansion by Fascist Italy and Nazi Germany culminated in the German invasion of Poland on 1 September 1939. Britain and France declared war on Germany two days later.
